# Imperial Log Set

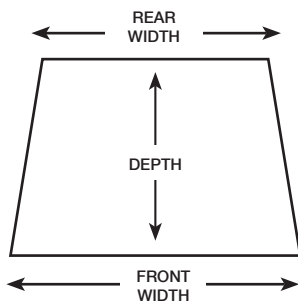

## WITH REMOTE CONTROL

### ALL GAS LOG SETS ARE NOT CREATED EQUALLY:

Heatilator® Imperial gas logs sets feature a built-in “Spark-to-Pilot” system and a factory preset air mixer to prevent sooty, carbon build-up on the logs.

MODEL:	DESCRIPTION:	PRICE:
FI-36M	18” Log Set	\$ 700.00
FI-42M	24” Log Set	\$ 725.00
SKY1001	Battery-Operated Remote	Included
Installation	Log set installation (Metro Houston area)	\$ 80.00

### MEASURING YOUR FIREPLACE FOR GAS LOGS:

Front Width: \_\_\_\_\_

Rear Width: \_\_\_\_\_

Depth: \_\_\_\_\_

If Rear Width Is:	Log Size Should Be:
Less Than 17”	Not Available
17” - 22”	18”
23” - 30”	24”
31” - 36”	30”
Larger Than 37”	36”

### BURN NATURAL GAS OR PROPANE:

Heatilator lightweight Imperial log sets feature ceramic-fiber logs designed to withstand the heat produced from a natural gas or propane fire. The shape, size, color and burning pattern of Imperial gas logs simulate a real wood fire - without the hassles.

Heatilator Imperial logs feature a built-in “Spark-to-Pilot” system and a factory preset air mixer to prevent sooty, carbon build-up on the logs.

### IMPERIAL LOG SETS INCLUDE:

- Log Set
- Grate
- Embers
- Lava Rock
- Hardware
- “Spark-to-Pilot” kit
- Connecting Tubing
- Remote Control
